

Resources

User's Manual

The User's Manual contains a description of the entire UI and some rendering guidelines.

Video Tutorials

Video tutorials created by Chinny from [Softimage](#). They give a nice overview of how the plug-in integrates in *Softimage* and show some of the original features of *3Delight* for *Softimage*.

Release Notes

All release notes since the release of version 2.0 in January 2011.

License Server Guide

This guide explains how to obtain and install the license key and start the license server. Note that this is not necessary for the free version.
